

**Where Did All My Friends Go**  
**The Darling Buds**

Hey, this isn't my first time figuring out the chords to a song, but it's my first time submitting them. This band isn't very well known, but their stuff is really good! I hope these chords are accurate. If you have any comments email me at piggygirl1000@yahoo.com Enjoy!

**G**                    **C**                    **Em**                    **C**  
Where did all my friends go did I get lost along the way  
**G**                    **C**                    **G**                    **D**  
I tried to keep my feet as best I could on this terrain  
**G**                    **C**                    **Em**                    **C**  
Hold my heart in your hands Is it so hard for me to blame  
**G**                    **C**                    **G**                    **D**  
myself for all I've done It wasn't me it's down to fate

**C**            **Em**            **G**  
I'll say but I'm not open to suggestions  
**C**            **Em**            **G**  
And I'm not open to opinions  
**C**            **G**            **Em**  
If I were open to your questions  
**C**    **G**    **D**  
I would fall so far so hard  
**Em**    **D**    **C**  
And if all of our days are done  
**Em**    **D**    **C**  
And if all of the nights are gold  
**Em**    **D**    **C**  
And if all of our days are done  
**D**  
Why do I fall

**G**                    **C**                    **Em**                    **C**  
Blessed be the soldier that fights the wars that we have won  
**G**                    **C**                    **G**                    **D**  
He's told to live his life not by his heart but by his gun  
**G**                    **C**                    **Em**                    **C**  
Hold his heart in your hands is it so hard for you to blame  
**G**                    **C**                    **G**                    **D**  
yourself for all you've done It wasn't you it's down to fate

**C**            **Em**            **G**  
I'll say but I'm not open to suggestions  
**C**            **Em**            **G**  
And I'm not open to opinions  
**C**            **G**            **Em**
