You are pretty and witty, wild but graceful

I can t even pull off this simple seduction

I m a one man production of Lord Of The Flies

Unrested, forgetful and rapidly aging

While waging my war with the world

So sick of believing that you re still my girl

Don t tell me you love me, I warn you you ll seal our fate

How could I love the one who loves the one I hate?

G **C** **G**
Like a bull on the loose in a shop full of china

What s the matter with me? I can t touch anything without

It shattering, we can t share this glass house
