The One I Hate
The David Mayfield Parade
Capo 2
[Verse 1]
        G
                         C
You are pretty and witty, wild but graceful
I m wasteful and hard on the eyes
                          C G
I can t even pull off this simple seduction
     Αm
                 Em
                          D
I m a one man production of Lord Of The Flies
[Verse 2]
Unrested, forgetful and rapidly aging
While waging my war with the world
Grinding my teeth as the ground moves beneath me
So sick of believing that you re still my girl
[Chorus]
Am
                  D
                                  G
Don t tell me you love me, I warn you you ll seal our fate
How could I love the one who loves the one I hate?
[Verse 3]
                              C
Like a bull on the loose in a shop full of china
I swear I just came in to browse
What s the matter with me? I can t touch anything without
It shattering, we can t share this glass house
[Chorus]
                  D
                                   G
                                                       C
