

**No Ties**  
**The Days**

No Ties  
The Days  
Chords

First song that i have figured out by ear, hope its accurate enough :)

(On the chord sequence in which you go down from G# to Bbm,  
i found it easier to do the G# on the 11th fret:

```
| -11- |  
| -13- |  
| -13- |  
| -13- |  
| -11- |  
| -11- |
```

...then go down from there :)
