I m pretty sure this is how it goes. It s kinda hard to see how this fits into the song, but play along, get it eventually.

This song was also done as a cover version by Diesel Boy. I think the cover is better personally (more more punk), and it is this I intend to play along to, so please forgive me if there are any mistakes. If haven t already, check out the cover.

the waiter said well no, we only have it iced,
so we jumped up on the table and we shouted anarchy,
And someone played a Beach Boys song on the duke box,
It was California dreamin , so we started screamin, on such a winter s
day-----

[play riff a again]

She took me to her parents for a Sunday meal,
Her father took one look at me and he began to squeal,

[play riff a again]

She said nothing man, it s stolen.
