

Winter In You
The Deadly Syndrome

Dm C
Winter s in you

Dm C
It sneaks out your mouth

Dm C
Like the snake spits poison

Am G
You decide what comes out

Dm C
There s ice on the path

Dm C
To your dangerous house

Dm C
Your heart plays the owl

Am G
Mine plays the mouse

Amaj C#m
Your heart beats cold

Amaj C#m
And holds

Amaj C#m
The night shines red

Bm C#m
Against the light

Amaj C#m
It s a matter of time

Amaj C#m
Til time s not the matter

Amaj C#m
Til all of us mad hatters

Bm D Dm
Just decide to wear our hair when we go

Amaj Dm (X557765) C
Out there...

Dm C
It s fine in passing

Dm C
When it comes with the rest

Dm C
Yours lasts all year

Am G
The winds howls in your chest

Dm C
Frost makes bones brittle

Dm **C**
And soon you will break
Dm **C**
And hiss your last curse
Am **G**
When there s no love left to take

Ama j **C#m**
Your heart beats cold
Ama j **C#m**
And holds
Ama j **C#m**
The night shines red
Bm **C#m**
Against the light
Ama j **C#m**
It s a matter of time
Ama j **C#m**
Til time s not the matter
Ama j **C#m**
Til all of us mad hatters
Bm **D** **Dm**
Just decide to wear our hair when we go
Ama j
Out there...
