Young At Heart
The Deadly Syndrome

Okay so hello everyone. I thought this was a really great cover song and wanted to find
the chords so I figured Id make my own. This is my own rendition of it, listening to the
song and not watching the actual video of them playing. Enjoy!

Standard Tuning: EADGBE
Capo: 1st fret

C7:   x32310
C7/G: 3x2310
F: 133211
F*:   x3321x
F/E: xx201x
D7:   xx0212
D7/A: x0x212
G: xx5433 (you can bar this and make it a g7 with an E form)
G/D: x55433
F7:   x8786x
F/D: xx0210

usually with each chord you pluck the base note then the one a string directly below it;
for instance, the C7 & C7/G is really playing a C7 and alternating between plucking the
C and G below it before strumming.

```
F                      C7            F       C7
Fairy tales can come true, it can happen to you

          G              G/D        G            G/D
You can laugh when your dreams fall apart at the seams.
