

**Marialenas Song**  
**The Dear Hunter**

[Intro]

**G#m C#m A D#**

[Verse 1]

**G#m** **C#m**  
It's good enough to get me what I want  
**A** **D#**  
Good enough to get me where I need to go  
**G#m** **C#m**  
But pray you aren't the one to see what happens,  
**A** **D#**  
What happens in the case that you say no

[Chorus]

**B** **D#m**  
If I said please, please, please  
**C#m** **A**  
One word to bring you to your knees,  
**D#** **G#m**  
One word to give me what I need  
**E** **F#**  
If you were only listening  
**B** **D#m**  
When I say please, please, please  
**C#m** **A**  
Now if you'd kindly take your leave  
**D#** **G#m**  
Then I can finally swipe these things  
**E** **F#**  
While you have turned your back to me

**B**

[Verse 1]

**G#m** **C#m**  
I'm looking for a piece that can't be taken  
**A** **D#**  
A piece that must be given from a willing heart,  
**G#m** **C#m**  
Then I can continue sneaking past you  
**A** **D#**  
To snatch up your belongings in the dark

[Chorus]

**B** **D#m**  
If I said please, please, please  
**C#m** **A**

One word to bring you to your knees,

**D# G#m**

One word to give me what I need

**E F#**

If you were only listening

**B D#m**

When I say please, please, please

**C#m A**

Now if youâ€™d kindly take your leave

**D# G#m**

Then I can finally swipe these things

**E F#**

While you have turned your back to me

**B**

[Bridge]

**E B F#m E**  
I am invisible, until someone catches me

**Em B C#m F#**  
If my alarm sets off alarms, then you can bet theyâ€™ll come round me

**E B F#m E**  
When Iâ€™m invisible, I can do just as I please

**Em B C#m F#**  
I can find just anything, if you would only take the lead

[Chorus]

**B D#m**  
When I say please, please, please

**C#m A**

One word to bring you to your knees,

**D# G#m**

One word to give me what I need

**E F#**

If you were only listening

**B D#m**

When I say please, please, please

**C#m A**

Now if youâ€™d kindly take your leave

**D# G#m**

Then I can finally swipe these things

**E F#**

While you have turned your back to me

[Outro]

**B**
