

**No God
The Dear Hunter**

No God - by The Dear Hunter - from The Color Spectrum: White EP

I learned the chords straight from a YouTube video of Casey playing it, so this should be correct. Another great song off of the Color Spectrum. Enjoy :)

Chords: EADGBE

- Fmaj7: X03210 (or occasionally..)
- 133210 (using your thumb to hold the low E)
- E7**: 020100
- Em7**: 020000
- Am7**: X02010
- *Am7**: 302010
- **Am7**: X02013

(all three are Am7 chords, but Casey uses different ones in different spots, so I've added *s to show which Am7 goes where)

The rest of the chords in this song are pretty standard.
