our families can t agree, i m your brother s sworn enemy
but i ll shout out my love to the stars

i ll wait by the car and we ll go, we ll go

when first we laid eyes, i admit to no compromise
till i felt my caress on your skin

but how soon we were betrayed, your sister gave us away
and you father came all unhinged

and i swear to the stars, i ll burn this whole city down

all i heard was a shout of your brother calling me out
and you ran like a fool to my side

and the shot, it hit hard, and your frame went limp in my arms
and the lull of love was your dying cry

so wait for the stone on your window, your window
i ll wait by the car and we ll go, we ll go

oh, valencia
your blood still warm on the ground
valencia
and i ll burn this whole city down
valencia
your blood still warm on the ground
valencia
and i swear to the stars, i ll burn this whole city down

props to mike k for chords and dave h for almost all the lyrics
