you belong to the gang, and you say you can t break away  
**Cmaj7>C6**        **G7**                    **Cmaj7>C6**                    **G7**  
but i m here with my hands on my heart

our families can t agree, i m your brother s sworn enemy  
but i ll shout out my love to the stars

**Am**            **F**                    **Dm**                    **G**  
so wait for the stone on your window, your window  
**Am**            **F**                    **Dm**                    **G**  
i ll wait by the car and we ll go, we ll go

when first we laid eyes, i admit to no compromise  
till i felt my caress on your skin

but how soon we were betrayed, your sister gave us away  
and you father came all unhinged

**Am**            **F**                    **Dm**                    **G**  
so wait for the stone on your window, your window  
**Am**            **F**                    **Dm**                    **G**                    **G7**  
i ll wait by the car and we ll go, we ll go

oh, valencia

**Am**                    **F**                    **C**  
your blood still warm on the ground

**G**  
valencia

**Dm**                                    **G**  
and i swear to the stars, i ll burn this whole city down

all i heard was a shout of your brother calling me out  
and you ran like a fool to my side

and the shot, it hit hard, and your frame went limp in my arms  
and the lull of love was your dying cry

so wait for the stone on your window, your window  
i ll wait by the car and we ll go, we ll go

oh, valencia  
your blood still warm on the ground  
valencia  
and i ll burn this whole city down  
valencia  
your blood still warm on the ground  
valencia  
and i swear to the stars, i ll burn this whole city down

props to mike k for chords and dave h for almost all the lyrics
