Don t Run Wild as written and recorded by The Del Fuegos

>From the album: Boston Mass.

If you have never heard this song, you won t understand how good this really is even though it is incredibly simplistic. However, I am very dissapointed that OLGA has no other Del Fuego s posts, so I am fixing that.

The trick to getting main riff of this song is playing an F# barre chord and alternating playing the low E string open and in the 2nd positon. Quite simple actually!!

Chords:

Verse:

F# B F# E
F# B F# G# B

Pre chorus:

B F# B F# B F# B C#

Chorus:

B C# B C# F# C#

Verse:

Oh baby whats goin on
you don t laugh on the phone like you used to
Have I been gone too long
Where s the love that I ve gotten used to

Pre chorus:

All the good times we had
seems my dream might take awhile
so baby don t you run
don t run wild

Verse:

Trees fly by in a far away car
Wonderin when I ll see you again
The TV s on the sound is turned down
All the letters that I tried to send

Pre chorus:

All the good times we had
seems my dream might take awhile
so baby don t you run
don t run wild

Chorus:

Don t run wild,
Don t run wild,
Don t run wild,
Don t leave me child

Solo (over verse chords):

```
[tab]-2-2-2-2-|-22-00 | etc.. --|  
-2-2-2-2-|-22-00 -----|  
-----|-----|  
-----|-----|  
-----|-----|  
-----|-----|[/tab]
```

End with a nifty Low E string pick slide!!!

Chorus:

Don t run wild,
Don t run wild,
Don t run wild,
Don t leave me child

Repeat Repeat etc...
