

**Cheap Reward**  
**The Devil Makes Three**

**G** **C**  
Feel so loose tonight I might fall to pieces,  
**D** **G**  
be prepared to sweep me out the door.  
**G** **C**  
And I might be horizontal by the time the music ceases,  
**D** **G**  
So I think I ll get acquainted with the floor.  
**Bm** **C**  
Oh, I was trying to get away from the things that I always do,  
**A** **D**  
Hello, floorboards once again - how are you?

**G** **C**  
Lip service - well, that s all you ll ever get from me,  
**D** **G**  
how could you believe I ll take you seriously?  
**G** **C**  
With your cheap rewards, your blackmail, and your comical rage,  
**D** **G**  
Just remember you ll only be the boss so long as you pay my wage!

**G** **C**  
All the sign posts on this road they point one way,  
**D** **G** **D**  
Don t act like you re above me, just look at your shoes.  
**G** **C**  
Now I ll turn the light out cause there s nothing to say,  
**D** **G**  
It s all been lost before so there s nothing to lose.  
**Bm** **C**  
Oh, but you could say that you love me very painlessly,  
**A** **D**  
I would ve done the same for you, oh, but you said to me:

**G** **C**  
Lip service - well, that s all you ll ever get from me,  
**D** **G**  
how could you believe I ll take you seriously?  
**G** **C**  
With your cheap rewards, your blackmail, and your comical rage,  
**D** **G**  
Just remember you ll only be the boss so long as you pay my wage!
