Me and this man had a band once and we were called The Shapes  
You probably never heard of us and that really is okay

Our drummer couldn't figure out whether he was straight or he was gay

We payed the bills now and they turned out the heat

**D7**  
I lived up in the attic right above the bathroom

**A**

**E**  
We barbecued in that alley until pa poisoned me with raw meat

**D7** **E**  
Sometimes I come home at 4 AM and go face down in the streets

**D7** **E**  
It was a low level existence thats what you proper people d say  
But I wrote songs in that attic that I now get paid to play  
So if you don t like people who live in attics now might be the time to say  
Cuz everybody who is anybody, in my opinion,
