[Verse 1]

**D**  
Nothing is wrong here so I m climbing up the walls

**D** **A**  
Trying to kill this silence with gun blasts and alcohol

**D** **G**  
I ve been laughing, I ve been crying, I ve been living, I ve been dying

**A** **D**  
They say tell the truth, they re lying, Hallelu

[Chorus]

**G** **D** **A**  
Hallelu, Hallelu, praise the lord and pass the ammunition too

**D** **G**  
They say Jesus is coming, he must be walking, he sure ain t running

**A** **D**  
Who can blame him, look how we done him, Hallelu

[Verse 2]

**D**  
What will it take to have this place on bended knee

**D** **A**  
You run to the forest, you can bet I ll burn the trees

**D** **G**  
I will poison the water cause it s only getting hotter

**A** **D**  
And we came for sons and daughters, Hallelu

[Chorus]

**G** **D** **A**  
Hallelu, Hallelu, praise the lord and pass the ammunition too

**D** **G**  
They say Jesus is coming, he must be walking, he sure ain t running

**A** **D**  
Who can blame him, look how we done him, Hallelu

[Solo]

**D D D A D G A D**

[Verse 3]

**D**  
Trials and tribulations, that s just bread and wine  
**D** **A**  
Getting my hands dirty, that does not take off the shine

**D** **G**  
On this farm to get your filling, there s got to be a little killing  
**A** **D**  
So I am ready and I m willing, Hallelu

[Chorus]

**G** **D** **A**  
Hallelu, Hallelu, praise the lord and pass the ammunition too  
**D** **G**  
They say Jesus is coming, he must be walking, he sure ain t running  
**A** **D**  
Who can blame him, look how we done him, Hallelu  
**G** **D**  
If you re waiting on salvation you ll need candles and libations  
**A** **D**  
Train ain t coming in the station, Hallelu  
**G** **D**  
They say Jesus is coming, he must be walking, he sure ain t running  
**A** **D**  
Who can blame him, look how we done him, Hallelu
