[Verse]

	Am	
When you re livin		in a town like this
	Em	
It s easy to sit back and just forget		
	Am	Em
That the world keeps on spinnin		round and round
	Am	Em
Round and round, round and round		

[Chorus]

	F	
The beast is bitter, sink its teeth in deep		
	G	
She ll bite you while you re dreamin , send you off to your sleep		
	C	G Dm C
And you carry, you carry on down, on down, on down		
	Am	
Down that river deep		

Repeat for the rest of the song!

I barred the G and C. Except the last C in the chorus. So, you know it has kind
of a descending type deal going on.
I m pretty sure that s how they do it on the album...
