

**Tow**  
**The Devil Makes Three**

Devil Makes Three - Tow tab by Valentino Garosi

Capo on third

**Em** **Am**  
Someone left a child and did not even care  
**Em** **B7**  
Before the first shots of the battle here had even pierced the air  
**Em** **Am**  
Yes, they run now like them children to those arms of mother earth  
**Em** **B7**  
Trying to pretend as if there was a day before their very birth

CHORUS

**B7** **A**  
But, me I just grab these ropes that me and mine have left behind  
**C** **B7**  
And I stare up to that mountain that I know I got to climb  
**Em** **Am**  
I keep towin that line Mmmmmmm  
**Em** **B7**  
I keep towin that line Mmmmmmm

**Em** **Am**  
But,down in basements choked with smoke child of the past  
**Em** **B7**  
All them dreams come up for air round here but they can only gasp  
**Em** **Am**  
All them old men they sit staring as life slips out of their grips  
**Em** **B7**  
Only to fall and disappear beyond their cracked old fingertips

REPEAT CHORUS

BREAK **Em / Am / Em / B7 / B7 / A / C / B7**

**Em** **Am**  
I keep towin that line Mmmmmmm  
**Em** **B7**  
I keep towin that line Mmmmmmm

**Em** **Am**  
But down in ditches by that road I call my own  
**Em** **B7**  
All of you come a cussin now all and all just throwing stones  
**Em** **Am**

Yes they re big men now to settle down and life s so stale and cold

**Em**

**B7**

As if I could spend my life the way they do just as they re told

**B7 A**

So if you should find me living low when the miles have passed me by

**C B7**

And it seems that I have left now all that I could love behind

**Em Am**

I m just towin that line Mmmmmm

**Em B7**

I m just towin that line Mmmmmm
