

There She Goes
The Dirt Drifters

(**F**-slide to **G**)

That girl, she just left like a hurricane
He was standing in the (**Cadd9**) pouring rain
Screaming out her (**G**) first name
Well, ya know, you should have seen it
Coming from a mile away
But you didn't hear the (**Cadd9**) wind change
Until you felt your (**G**) heart break
And (**D**) now it's way too late

Cause there she (**Cadd9**) goes
(Pedal mashed down, painted red toes
Sunglasses on, heading south
Down the dirt road)
There she goes (**G**)
(Bye-bye, back to the wind
She's gone, baby, gone
You'll never see her again)
There she goes (**Cadd9**)
(You ain't nothing but a used-to-be
Another memory)
There she goes (**G**)

Hey, man, know I wanna get another ice cold
Poured down (**Cadd9**) in your soul
To find a way to (**G**) let her go
Cause you know times run out on making moves
And now you're feeling (**Cadd9**) like a fool
Cause she ain't coming (**G**) back to you
There's (**D**) nothing you can do

Chorus

(**Em-D-C**) x2

(**Cadd9**) Pedal mashed down, painted red toes
Sunglasses on, heading south
Down the dirt road
(**G**) Bye-bye, back to the wind
She's gone, baby, gone
You'll never see her again
(**Cadd9**) You ain't nothing but a used-to-be
Another memory
There she (**G**) goes, oh, yeah
(**Cadd9**) Bye-bye, back to the wind
She's gone, baby, gone

Yeah, there she goes (**G**)
You ll never see her again
There she goes (**Cadd9**)

(**G**) That girl, she just left like a hurricane
He was standing in the (**Cadd9**) pouring rain
Screaming out her (**G**) first name
