EVEN ANGELS HAVE BAD DAYS

F **Fm** **C**
I guess I ll never know my father,
F **Fm** **C**
My memory don t go back that far
F **Fm** **C**
They just put me on a train bound for somewhere
G **F** **Fm**
And all these years later a lump comes to my heart

C **E** **F Fm**
I met her once at Waterloo Station
C **E** **F Fm**
Said I reminded her of him
C **E** **F Fm**
I spoke to my sister then and sang to the nation
C **E** **F Fm**
Well I guess I just lost track of the years

C **G** **F** **Fm**
Even angels have bad days
C **G** **F** **Fm**
And if you re alone you never really are
C **G** **F** **Fm**
Just know had circumstances been different
C **G** **F** **Fm**
I would be with you, love mama

C **E** **F Fm**
I found her number in the library
C **E** **F Fm**
I must have dialed it a thousand times
C **E** **F Fm**
But I still get the same answer
C **E** **F**
The old lady who lived here, she disappeared
Fm
Maybe she died

C **G** **F** **Fm**
Even angels have bad days
C **G** **F** **Fm**
And if you re alone you never really are
C **G** **F** **Fm**
Just know had circumstances been different

C G F Fm
I would be with you, love mama

C E F Fm
She said she had a brother in Virginia Waters

C E F Fm
He played the fiddle on the side

C E F Fm
She said maybe that s where you get your music (uh huh)

C E F Fm
But that s also where the trail just died

C G F Fm
Even angels have bad days

C G F Fm
And if you re alone you never really are

C G F Fm
Just know had circumstances been different

C G F Fm
I would be with you, love mama

C E F Fm
So if you hear this Jean Russel, or Jimmy Palace?

C E F Fm
Just know I m out here doing fine

C E F Fm
And maybe if the moment finds you

C E F Fm
You could always come my way or drop me a line

C G F Fm
Even angels have bad days

C G F Fm
And if you re alone you never really are

C G F Fm
Just know had circumstances been different

C G F Fm
I would be with you, love mama
