

**Evil**  
**The Dogs D'Amour**

EVIL  
(Tyla)

**D C G Em G** (throughout the whole song)

Don t be silly, don t be sad, don t be evil, don t be bad  
Bleed your love into his heart not that knife for a start  
Wrap yourself in a hotel shroud, make lots of noise but don t be loud  
So that others bring us down, to sobriety reality

Evil, I am evil, evil  
Not that knife, not that knife

Pick up your prey and cross your heart  
Hope I die before we part  
This is a swan s love so you die, so do I  
Like a kiss like a feather in the wind  
Like an angel on a binge of the wings of

Evil, I am evil, evil  
Not that knife, not that knife
