As the politicians play commercial wars
G **Bm**
all the people standing in that circle say wait baby,
Em **C**
What are we paying for
G **Bm**
With your jet set high rolling junkies
Em **C**
well they pollute their own lies

And if an honest man walks into the corner...

they say so many lies

Cm **G**
The world s is... oh, so different now...
Cm **D**
The world s is... oh, so different now... [x2]

G **Bm** **Em** **C**
I saw this guy on the corner looked just like me
