

Nobody Wants U  
The Dollyrots

C G Em F G  
It must be how you look

C G  
When you woke up

Em  
Or got choked up

F G  
Ruby eyes bloodshot

C G Em F G  
See the way you can't sit still

C G  
With no mention

Em  
But attention

F G  
For a dead flower

Am F  
So I write, write, write

Em G Am  
All the things I didn't miss

F  
And despite, spite, spite

G Am C  
My conclusion is

G Em F G C  
Nobody wants you

G Em F  
Nobody wants you

C G Em F G  
Like I do

C G Em F G  
It must be what you said

C G  
Just the wrong time

Em  
To be laughing

F G  
What goes through that head?

C G Em F G  
And you won't just act your age

C G  
So you dance it

**Em**

Too romantic

**F G**

Put me on display

**Am F**

Excuses, abuses

**Em G**

You've used me up

**Am F**

My patience can't take it

**Em G**

I've had enough

**C G Em F G**

It must be meant to be

**C G**

When you make up

**Em**

From the breakup

**F G**

So now I see

**C G Em F G**

It must be how you looked

**C G**

When you woke up

**F C G Am**

Right here next to me

**Am F**

I made a list, you found it

**Em G Am**

And you left and said we're through

**F**

So I'm here outside your window

**Em G Am**

In the dark and calling you

**F**

It opens hear you breathing

**Em G Am**

My fingers through your hair

Tell me

**F**

Tell me

**Em**

Tell me

**G**

Tell me

**C G Em F G**

Nobody wants you

**C G Em F**

Nobody wants you

**C**            **G**

Like I do

**Em**            **F**    **G**

Like I do

**C**            **G**    **Em**    **F**    **G**    **C**

Like I do

**G**    **Em**    **F**    **G**    **C**

I do

**G**    **Em**    **F**    **G**    **C**

I do

**G**    **Em**    **F**    **G**    **C**

I do

**G**    **Em**    **F**    **G**    **C**

I do

**G**    **Em**    **F**    **G**    **C**

I do

**G**    **Em**    **F**    **G**    **C**

I do...
