**E**                      **A-E**              **D**                      **A**                      **E**  
Eyes of silver                      hungry                      and                      aware  
Eyes of silver,              your mystic                      love I                      share  
    cause I m hungry baby  
                                    For the love you              give                      away  
Kick out all that stupid pride  
                                    That s standin      in my way

**A**                                      **D-D A**  
Inside my loving eyes are open wide  
**E**                      **A-E**                      **D**                      **A**                      **E**  
Eyes of silver,                      on which I shall rely  
**D**                                      **A**  
Diamonds are forever, and gold can make you lie  
**E**                                      **A-E**                      **D**                      **A**                      **E**  
But your eyes of silver                      shine on, shine on

Blades of steel have helped a man to conquer all  
Rubies by the hundreds fill the taj mahal  
Eyes of silver, you tell me what I need  
To bring this cold and lonely man  
Down to his bended knees  
Inside my lovin arms are open wide  
For you eyes of silver  
On which I shall rely  
Diamonds and gold make you lie, lie, lie  
But your eyes of silver, they shine on, shine on  
Eyes of silver, baby, shine on, shine on  
Baby, shining, yeah yeah, yeah, baby shining
