

Moonlight Drive
The Doors

G7

Let s swim to the moon
Uh huh
Let s climb thru the tide
Penetrate the evenin that the city
sleeps to hide

D7

Let s swim out tonight, love
It s our turn to try

G7

Parked beside the ocean
On our moonlight drive

A7

Let s swim to the moon
Uh huh
Let s climb thru the tide
Surrender to the waiting worlds that
lap against our side

E7

Nothin left open
And no time to decide

A7

We ve stepped into a river
On our moonlight drive

A7 **D** **A7** **D**

Let s swim to the moon

A7 **D** **A7** **D**

Let s climb thru the tide

A7 **D** **A7**

You reach a hand to hold me

D **A7** **D** **A7** **D**

But I can t be your guide

E7

Easy to love you as I watch you glide

A7 **D** **A7**

Falling through wet forests

On our moonlight drive

Moonlight drive

C mon, baby, gonna take a little ride

Down, down by the ocean side

Gonna get real close

Get real tight

Baby gonna drown tonight

Goin down, down, down
