Bullet with my name on it

Am **C**
If you ever saw me
G **D**
walking around
Am **C**
swear I d try to disappear
G **D**
I wouldn t make a sound

Am **C**
Then something
G **D**
got me on the run
Am **C**
it s gonna be the last time
G **D**
I let you hold my gun

Am **C**
Your bullet s got my name on
G **D**
ah ah
Am **C**
Your bullet s got my name on it
G **D**
gotta run away
run run away

(guitars)

Am **C**
I had a dream
G **D**
I was all alone
Am **C**
I had a mouth
G **D**
but I couldn t speak
Am **C**
Then something

G **D**
tried to turn my head
Am **C**
It was someone just like you
G **D**
had me by the throat again

Am **C**
Your bullet s got my name on
G **D**
ah ah
Am **C**
Your bullet s got my name on it
G **D**
gotta run away
run run away

Am **C**
I thought I knew the answer
G **D**
It was just a clue
Am **C**
Another trigger I couldn t pull
G **D**

Am **C**
And then something
G **D**
came in my room last night
Am **C**
they aimed
they fired
G **D**
and I got lucky

Am **C**
Your bullet s got my name on
G **D**
ah ah
Am **C**
Your bullet s got my name on it
G **D**
gotta run away
run run away
