Chorus

You re more than a number in my little red book,
You re more than a one night date,
All I had to take me was just one look,
My heart began a thumpin ,
Babe you had it jumpin,
Cause you re more than a number in my little red book,
You re more than a one night stand,
In case you get to thinkin that you ve been took,
You re more than a number,
Written in my little red book.

Oh baby,
You gave me a sign,
I threw away the numbers
of those old flames of mine,
And now they re tryin to put you wise,
Knock me down in my girl s eyes,
Oh Darlin , don t believe the words they say.

Chorus

You re more than a number in my little red book,
You re more than a one night date,
All I had to take me was just one look,
My heart began a thumpin ,
Babe you had it jumpin,
Cause you re more than a number in my little red book,
You re more than a one night stand,
In case you get to thinkin that you ve been took,
You re more than a number,
Written in my little red book.

Chorus to fade

Whoooo ooooo

You re more than a number in my little red book,

You re more than a one night date,
All I had to take me was just one look,
My heart began a thumpin ,
Babe you had it jumpin,
Cause you re more than a number in my little red book,
You re more than a one night stand,
In case you get to thinkin that you ve been took,
You re more than a number,
Written in my little red book.
