Intro: (hey, you, ooh) C,G

C G
you don t feel like mine anymore

C G
this night i wrestle with pride on the floor

Dm Em F G
that s cos you don t look back like i look back

Dm Em F G
that s cos you don t look back like i look back

Well if i m undone by thinking alone
 i bristle to prove that i m ruled by the moon
 and i don t swim much save in bad times
 treasure it sunk when i gave up on lies
 yeah you don t look back like i look back
 that s cos you don t look back like i look back

C	F	Em
Oh you have your own heart and i can t be rid of mine		
still you walk this one path and i can t be driven from mine		
Oh you have your own heart yeah i won t be rid of mine		
Oh you have this this one path and i can t be driven from mine		

(same chords here as earlier verses/choruses)

But you
you don't feel like mine anymore
and each night i wonder if i'm bad, bad or good
that's cos you don't look back like i look back
oh that's cos you don't look back like i look back

So you have your own heart yeah i won t be rid of mine
yeah you walk this one path and i can t be driven from mine
Oh you have your own heart yeah i won t be rid of mine
oh you have this one path and i can t be driven from mine
