

Any Single Solitary Heart
The Everly Brothers

Any Single Solitary Heart

Cm **G#** **Bb** **D#**
Youâ€™ve lost at love before, you never closed that door
G# **F** **C#** **Bb**
This time it hurt you for the last time

Cm **G#** **Bb** **D#**
Only the lonely know the pain of letting go
G# **F** **C#** **Bb**
Before you say “No more” take my advice

Chorus:

Bb7 **D#** **Gm**
Just ask any single solitary heart
 G# **D#**
Why the winter night is longer
 G **Cm**
How a love can fall apart
D# **G#**
Why the world keeps getting colder
D# **Fm** **Bb**
Or where a teardrop starts
 D# **Gm** **G#**
Just ask any single solitary heart

Donâ€™t ask the stars above, theyâ€™ve never been in love
Theyâ€™ll just remind you of the first time
When you had confidence in loveâ€™s sweet innocence
Now you have evidence that love can be unkind

Chorus
