

Be My Love Again
The Everly Brothers

Be My Love Again

C# **Fm**
Take away the silly games thatâ€™s messinâ€™ up our minds
Cm **G#** **C#**
Nobodyâ€™s winning anyway

Fm
For we had a special dream that people seldom find
Cm **G#** **C#**
And then we let it slip away

Chorus:

C# **G#** **C#**
Be my love again (Be my love again)
G# **C#**
Be my love again (Be my love again)
F# **C#**
I donâ€™t want to be just friends any more
G# **C#**
Be my love again (Be my love again)

It seems that what I do to you, you do to me
And then we act so civilised
But I can see the tears that hides behind our eyes
And alone I know we cry

Chorus

I know we decided we should go our separate ways
And at the time it seemed so smart
But I can smile and say hello another day
When I want you in my arms

Chorus
