

My Baby
The Everly Brothers

My Baby

A7

Iâ€™ll ride on a freight train, find a place for my head
Iâ€™ll walk the new highway with your back on my bed

D

A7

I need to be there when you need me, such a lovely sun

D

My baby

A7

You laugh, cry, to put things together

G

Then you sleep, you wake, look at the weather

D

A7

For a while you just open up your eyes

D

My baby

You seem to grow so fast I canâ€™t catch the dream
That lasts inside the dream that youâ€™re dreaming
When youâ€™re sitting on my knee
My baby

So daddyâ€™s dream will have to be there
While heâ€™s gone to be in dreams you will see someday
I know theyâ€™ll make you smile
My baby
