No One Can Make My Sunshine Smile

**B                    Em            F#            B            F#    A**  
No one can make my sunshine smile

**B                    G#m                    F#    A**  
She goes out seven nights a week

**B                    G#m                    F#    A**  
But sheâ€™s unhappy all the while

**G#m                    D#7                    G#m                    C#7**  
Each night a different guy does his very best to try

**B                    Em            F#            B            F#    A**  
But no one can make my sunshine smile

My sunshine used to smile for me but then she traded me for style  
Now sheâ€™s got Romeos who buy her fancy clothes  
But no one can make my sunshine smile

**D#7                    G#m                    D#7                    G#m**  
Once her smile could light up a room and make the sun look dim

**D#7                    G#m                    C#7                    F#    A**  
Her laughing eyes had a way of making my day begin

But since she said goodbye to me she hasnâ€™t smiled for quite a while  
I was just her little clown but since Iâ€™m not around, well  
No one can make my sunshine smile  
No one can make my sunshine smile
