

On The Wings Of A Nightingale
The Everly Brothers

This is a very nice song that is really easy to play on guitar and sing along with.

A **E**
When I love I get a feeling

A7 **D**
Like I m travelling through the sky

A **E**
On the wings of a nightingale.

A **E**
As I ride my head is reeling

A7 **D**
But I don t even wonder why

A **E**
On the wings of a nightingale I ll fly.

D **E** **A** **D**
High above land and sea I ll be thinking of you and me

A **E**
Couldn t ask for a better place to be.

F#m **A**
Oh I can feel something happening

F#m **A**
Oh I can feel something happening

F#m **D** **A** **E**
Oh I can feel something happening to me.

A
So hold my hand

E **A7** **D**
I ve got a feeling that the journey has just begun

A **E**
On the wings of a nightingale.

And if you like

we ll fly together to the land of eternal sun

On the wings of a nightingale of love.

High above land and sea I ll be thinking of you and me

Couldn t ask for a better place to be.

Oh I can feel something happening x3 to me

When I love I get a feeling Like I m travelling through the sky

On the wings of a nightingale

On the wings of a nightingale
