

Some Hearts

The Everly Brothers

Some Hearts

Fm

The last time I saw her

C#

She still had that same sad smile on her face

Fm

She said "love was for fools"

C#

But admitted right then there was nothing to take its place

C#m

She looked liked nobody's child, lost in the woods

Cm

Fm

She seemed to be realizing what she already knew

Bbm

D#

Sometimes love flies away even though you've been good

The first thing I noticed

Was the flash of blonde hair and the hint of blue eyes

We spoke just a few words,

The next thing I heard she's moved twenty times

I didn't follow but I didn't stay

My heart went with her then with her today

But love goes up in flames when she's in a mood

Chorus:

Bbm Cm C# D# Fm

Some hearts will break, some hearts will mend

Bbm Cm C# Cm D#

Some hearts just take, some hearts just give

Bbm Cm C# D# Fm

Some hearts will die, some hearts just live

Bbm Cm C# Cm D#

But some hearts fall in love again

Bbm

I knew it, I knew it, from the very first, I knew it

G# D#

I saw it, I felt it, she knew it too

F

We found it, we've got it, we've wrapped our world around it

Bb D# G#

Love's sweet illusions sometimes can be the love you dreamed come true

Chorus

Just when the daylight seems dark as the night

Someone will come along and turn on the lights
And let love in, where itâ€™s never been before
Some hearts are worth waiting forâ€¦
