

To Show I Love You
The Everly Brothers

To Show I Love You

A **F#** **B**
I will come to you each night and hold you tight

F#m **E**
Just to show I love you

A **F#** **B**
Then Iâ€™ll call you every day when Iâ€™m away

F#m **E**
Just to show I love you

F#m **C#m** **D** **E** **A**
So many things that I could say and do

F#m **C#m** **D** **E**
So many ways to prove my love is true

I will help you when youâ€™re sad and make you glad
Just to show I love you
And remember all the time that you are mine
And Iâ€™m thinking of you

Donâ€™t break these ties whatever we may do

A **F#** **B** **D** **A**
I will tell you til I die my darling, I-I-I love you
