Let s go!

I just wanna let you know, this situation leaves me outta breath.

We ll drive till the love that s in your eyes drops to the ground, unravels like a thread.

I know that you really wanna go,

I only think about her, must get to her, cannot lose her...

You know that I will not let this die, life support systems and my mind on rewind and

and rewind!

I don t wanna see the day, my words cannot make it safe.

Her heart, in my hands, it s too bad. no regrets...

I don t wanna see the day, her tears are falling on my grave.

This is my one chance to take back, no regrets...
