

Dream On

The Felice Brothers

The chord sequence during the intro and instrumental parts is the same as that used during each verse and chorus. I m not entirely sure about the words in the 3rd verse...

G **D**
Stagger Lee, why d you do that?
C **D**
Done killed a man, all for a stetson hat.

C **D** **G**
You could... Dream on
C
bout what you could ve been
G **C** **D**
Ain t no use wondering no more

Take me down Fanning street
Buy me a drink to get me on my feet

And you could... Dream on
bout what you could ve been
Ain t no use wondering no more

I been in clothes, golden cuffs
Been dressed in stripes, driven to the bluffs

And you could... Dream on
bout what you could ve been
Ain t no use wondering no more

{Repeat first verse/chorus}
