

**Little Ann**  
**The Felice Brothers**

Very simple song, but a lovely one. Get intimate with that ol harp and the parlour s collective jaws will drop.

INTRO: **CGC C7**  
**FG C**

Just play that over and over and over. To wit:

**C** **G** **C** **C7** (032310)

Little Ann s in the kitchen in her modern gown

**F** **G** **C**  
With the rainy weather coming down  
Oh the radio does play  
I could sweep you off your feet  
But you re two teary eyed to even know

Little Ann, Little Ann let that stormy weather go  
From your front door to the heart of Chicago

Oh the lightning and the thunder  
Are rolling in the sky  
Coming down just like your teary eyes  
Oh Annie don t you cry  
If youre crying for me, when you re gone I ll find some company

Little Ann, Little Ann let that stormy weather go  
From your front door to the heart of Chicago  
Little Ann, Little Ann let that stormy weather go  
From your troubled mind to the heart of Chicago
