Oliver Stone, Oliver Stone,

D.....A.....Bm.....A....  
You really love the movies,

G.....D.....G.....F#m...  
Oh what a night for dancing,

.....G.....A.....  
With the one you love,

D.....F#m..G.....A...  
Sunset Hill, Sunset Hill,

D.....A.....Bm.....A....  
I really miss those parties,

G.....D.....G.....F#m...  
Oh what a life we lived then,

.....G.....A.....  
I guess that s come and gone,

....G.....A...

But somewhere in space,

Bm.....E.....A....

those parties still remain,

G.....F#m.....F#.....G....

I need to find how those ladders climb,

....Gm.....A.....

And catch a cab from there to witness your premiere,

-----

D.....F#m..G.....A.....

From London s eye, down Venice Beach,

D.....A.....Bm.....A...

Around the rings of Saturn,

G.....D.....G.....F#m...

High over it(?), my blurred sail,

.....G.....A.....

To find my shimmering dream,

....G.....A...

But somewhere in space,

Bm.....E.....A....

there s a shimmering place,

G.....F#m.....F#.....G....

I need to find how those ladders climb,

....Gm.....A.....

And catch a cab from there to witness your premiere,

-----

D...F#m...G...A...

D...A...Bm...A...

G...D...G...F#m.....

Oliver Stone, Oliver Stone,

D#.....A#.....Cm.....A#

I feel your sets have vanished,

G#.....D#.....G#.....Gm...

Oh paradise you re a poltergeist,

.....G#.....A#...

A thing that no-one sees,

....G#.....A#

But somewhere in space,

Cm.....F.....A#...

There s a shimmering place,

G#.....Gm.....G.....G#...

I m still upset at that worthless tramp,

For leaving me to die on that winter night,
