Gm **C**
go in over what went wrong
and every time it gets like this
i ll calm you down you mark your list
but if you go and if you re gone
well god i don t know what i could ve done
that ll make it clear i need you here
baby you re the only one

Dm **F**
so pour it out and pour it out
Gm
i m letting go of everything
C
i miss you more than anything
pour it out and pour it out
baby what if you could be
something i can t ever be

but hey i ve been here
steady like a stone
but all my weight is all for you
so stand on me or let me roll

pour it out and pour it out
i miss you more than anything
i m letting go of everything
pour it out and pour it out
baby its time that i get home

pour it out and pour it out
i miss you more than anything
i m letting go of everything

well pour it out and pour it out
baby its time that i get home
