

Love Yer Brain
The Flaming Lips

So this is something I put together not too long ago. The song is originally for piano,
I arranged it for guitar. Pretty easy and a fun song to Play

The Flaming Lips - Love Yer Brain

C Em Am G
C Em Am G

Sometimes I don t know what to think about the world

C Em Am G
C Em Am G

When this guy is burnin up in the street with gasoline

C Em Am G
C Em Am G

And the flames show no mercy

F (You can change it up with Fadd9 if it feels right)
So when you really need someone to talk to you

F
It doesn t always work like it s supposed to

C Em Am G
You can love yer brain

C Em Am G
Even if it slips down the drain

C Em Am G
Man, I m not no drug addict

C Em Am G
But a person s gotta have something to keep him from going insane
...and so on.

Well, this man kills this other man
Who s killed this other man, so it s okay
And this fourteen year old s sittin in the electric chair
Smilin and smokin a cigarette
So I guess I was right all along readin mad magazine

And that s about it. Listen to the song to get the right idea.
