

Plastic Jesus
The Flaming Lips

This is from the movie Cool Hand Luke. I download it and it said it was by Flaming Lips, I don't think it was. I haven't even seen the movie.

I have a more simplified version, but it sounds right so I guess it's ok.

When I say C it's more like the G/C

E--3----

B--3----

G--0----

D--2----

A--3----

E-----

G C G

G

I don't care if it rains or freezes

C

Long as I got my plastic Jesus

G

D

Sittin on the dashboard of my car

and that's pretty much the whole song, along those lines, just listen to it and play and it'll sound right. I don't know if it is.
