```

```

E           A           A           E
Cats killing dogs, pigs eating rats
E           F#           D           E
Every mouth will eat you up, the king bug laughs
E           A           A           E
Belly of the heart, belly full of bats
E           F#           D           D
The chromosomes seem not to want the fetus

```

(chorus)

```

           E           F#
They beat you up, they make you bleed
           D           E
Sticking needles in your knees
           E           F#
Knowing God will be pleased
           D           D
Should make it easy

```

INTRO

```

E           A           A           E
Snakes eating frogs, Toads eating gnats
E           F#           D           E
When the spaceship beams you up, boy, get drunk fast
E           A           A           E
Rubber bullet barn, titty-sucking calf
E           F#           D           D
Goats and roosters, bees and bugs, amoebas

```

(repeat chorus)

```

           E           F#
They beat you up, they make you bleed
           D           E
Sticking needles in your knees

```
