

Count Your Bruises
The Flatliners

Hey guys this is my first tab, and I reckon I did pretty well but I m sure it s not 100%

I absolutely love this song, but there wasnâ€™t a tab for it, so I learnt it, then tabbed it for all you lovely people. Enjoy.

By the way, all powerchords are played with the e and B strings (the two bottom strings) played open. The E and the Asus are played open

Also, the timingâ€™s not 100%, so listen to the song to get an idea of the timing.
