

**Milk And Money**  
**The Fratellis**

(intro) **B G#m**

**B G#m**

Tell me where you been to

**B G#m**

Point me to the door

**C#m F#**

I ve seen you around

**C#m F#**

But I really can t be sure

**B G#m**

And all the action men are busy

**B G#m**

Climbing up the wall

**C#m F#**

Banging on the window

**C#m F#**

Tearing down the hall

**B**

And the last chance girl

**B7**

In her first dance swirl

**E**

Lays her head down on the wooden floor

**Em**

Won t be dancing any more

**B E7**

And where do they go when the thrills have gone

**B E7**

The last song plays down in Babylon

**B E7**

Five hundred kids shout what s the deal?

**B E7 F# F#7**

It s a very confusing way to feel

**B G#m**

The radio is silent

**B G#m**

Except for wicked bands

**C#m F#**

Sounded like the last one

**C#m F#**

Always in demand

**B G#m**

And now the city is off limits

**B G#m**

To everyone in blue

**C#m F#**

Nothings getting in there

**C#m F#**

No-one s getting through

**B**

And it s no surprise

**B7**

When the last light dies

**E**

And the girl upon the wooden floor

**Em**

Won t be dancing any more

**B E7**

And where do they go when the thrills have gone

**B E7**

The last song plays down in Babylon

**B E7**

Five hundred kids shout what s the deal?

**B E7 F# F#7**

It s a very confusing way to feel
