

**Stragglers Moon**  
**The Fratellis**

This is my first tab, so it s really just a strum along.  
i was able to get some lead parts but none really worth putting on the tab,  
so, if your just looking for the chords to strum and sing along with the song, i  
hope  
does the job.  
enjoy :)

Intro:

repeat this part x6

```
e|--0--|---0-0----0-0--0-0----0-0---1-1--0-0----|
B|--0--|o--0-0----3-3--0-0----0-0---1-1--0-0---o|
G|--1--|---1-1----1-1--1-1----1-1---2-2--1-1----|
D|--2--|---2-2----2-2--2-2----2-2---3-3--2-2----|
A|--2--|o--2-2----2-2--2-2----2-2---3-3--2-2---o|
E|--0--|---0-0----0-0--0-0----0-0---1-1--0-0----|
```

Verse:

The intro is repeated once after every line in the verse.

**E**                      **F**  
You can find her scratching around in the dark

**E**                      **F**  
Just another candle chasing a spark.

**E**                      **F**  
You can find her screaming along with the ghosts

**E**                      **F**  
Reminds you she s the one that you needed the most.

Chorus:

I prefer to use barre chords during the chorus, but its up to you

**A#**                      **A**                      **Dm**  
And then you re out there on your own again

**A#**                      **A**                      **Dm**  
No one believes you when you lie.

**A#**                      **A**                      **Dm**  
I still see all the old girls now and then

**A#**                      **C**                      **D**  
Catching the moonlight as they cry.

Repeat the intro x4 before the verse

Second Verse:

The wrong way round s the right way up when she calls  
You can laugh but it won t mean nothing at all.  
Yes you can find her scratching away in a room  
Stumbling round by the light of the stragglers moon.

Chorus:

And then you re out there digging holes again  
Six million people can t be wrong.  
Some day you ll buy the perfect soul and then  
You can get back where you belong.

The solo is backed by the intro, which is repeated x8

Chorus:

And then you re out there on you re own again  
No one believes you when you lie.  
I still see all the old girls now and then  
Catching the moonlight when they cry.

While your strumming the finshing D chord, there is a riff that is repeated  
throughout  
outro if you want to change between them both as you play. It begins to fade  
after the  
repeat.

Hope that was accurate enough :)
