Z Movie Saga

**C D G B**

**C D G**
Well there has to be more to me
**B**
Than just sitting here in misery
**C D G**
Such a lazy way to be
**B**
A prostitue of mediocrity
**C D G**
I m most obliged that you still call
**B**
Though your hangman doesn t thrill me at all
**C D G**
I ll raise an army from my bedside table
**B**
Just as soon as I am able to

**Em Bm**
Take the slow train out of here
**Em Bm**
It s been a week and i m still here
**Em Bm D C Bm Am**
Selling coat lies from my window

**G Em Bm D**
And it s so easy when it s rolling my way
**G Em Bm D**
And it s no wonder I sleep half the day-a-a-ay
**G Em Am D**
Just an ordinary, nothing going on here, boy
**G Em Bm A#m Am**
And it s so easy sitting by the window bay
**D C D G B**
With nothing honest to say

**C D G**
Well there has to be more than this
**B**
A Morning fumble and a half asleep kiss
**C D G**
Tell me something oh tell me true
**B**
That you hate me as much as I love you

**C D G**
Where s the money, make the deal
**B**
Cut the chat around the slow reveal
**C D G B**
You can find me though I m sell them avaliable but totally predictable

**Em Bm**
