And covers you with fear and shame

Remember all the words I said

And when you go through the valley
      G#   **Eb**   **C#**   **G#**
And the shadow comes down from the hill
  G#   **Eb**   **Bbm**   **Fm**
If morning never comes to be
   G#   **Eb**   **G#**
Be still, be still, be still

If you forget the way to go
   G#   **Eb**
And lose where you came from

If no one is standing beside you
   G#   **Eb**   **G#**
Be still and know I am
