Trust Me
The Fray

```
A                       C#m
Looking for something I ve never seen
E            A
Alone and I m in between
A                          C#m
The place that I m from and the place that I m in
   E          A
A city I never been
A                      C#m
I found a friend or should I say a foe
     E                        A
Said there s a few things you should know
A                       C#m
We don t want you to see we come and we go
     E                A
Here today, gone tomorrow

A
We re only taking turns
C#m          E
Holding this world
A
It s how it s always been
C#m                     E      A
When you re older you will understand

C#m  E  A

A                          C#m
If I say who I know it just goes to show
        E                  A
You need me less than I need you
A                      C#m
Take it from me we don t give sympathy
        E                A
You can trust me trust nobody
A                          C#m
But I said you and me we don t have honesty
     E                      A
The things we don t want to speak
A                    C#m
I ll try to get out but I never will
E                    A
Traffic is perfectly still

A
We re only taking turns
```

C#m **E**
Holding this world
A
It s how it s always been
C#m **E** **A**
When you re older you will understand

C#m **E** **A**
And then again maybe you don t
C#m **E** **A**
And then again maybe you won t
C#m **E** **A**
When you re older you might understand
C#m **E** **A**
When you re older you might understand
