

**Trust Me**  
**The Fray**

**G** **Bm**  
Looking for something I ve never seen  
**D** **G**  
Alone and I m in between  
**G** **Bm**  
The place that I m from and the place that I m in  
**D** **G**  
A city I never been  
**G** **Bm**  
I found a friend or should I say a foe  
**D** **G**  
Said there s a few things you should know  
**G** **Bm**  
We don t want you to see we come and we go  
**D** **G**  
Here today, gone tomorrow

**G**  
We re only taking turns  
**Bm** **D**  
Holding this world  
**G**  
It s how it s always been  
**Bm** **D** **G**  
When you re older you will understand

**Bm** **D** **G**

**G** **Bm**  
If I say who I know it just goes to show  
**D** **G**  
You need me less than I need you  
**G** **Bm**  
Take it from me we don t give sympathy  
**D** **G**  
You can trust me trust nobody  
**G** **Bm**  
But I said you and me we don t have honesty  
**D** **G**  
The things we don t want to speak  
**G** **Bm**  
I ll try to get out but I never will  
**D** **G**  
Traffic is perfectly still

**G**  
We re only taking turns

**Bm**                    **D**  
Holding this world

**G**  
It s how it s always been

**Bm**                                    **D**                    **G**  
When you re older you will understand

**Bm**                    **D**                                    **G**  
And then again maybe you don t

**Bm**                    **D**                                    **G**  
And then again maybe you won t

**Bm**                                    **D**                                    **G**  
When you re older you might understand

**Bm**                                    **D**                                    **G**  
When you re older you might understand
