

Trust Me  
The Fray

**G#** **Cm**  
Looking for something I ve never seen  
**Eb** **G#**  
Alone and I m in between  
**G#** **Cm**  
The place that I m from and the place that I m in  
**Eb** **G#**  
A city I never been  
**G#** **Cm**  
I found a friend or should I say a foe  
**Eb** **G#**  
Said there s a few things you should know  
**G#** **Cm**  
We don t want you to see we come and we go  
**Eb** **G#**  
Here today, gone tomorrow

**G#**  
We re only taking turns  
**Cm** **Eb**  
Holding this world  
**G#**  
It s how it s always been  
**Cm** **Eb** **G#**  
When you re older you will understand

**Cm** **Eb** **G#**

**G#** **Cm**  
If I say who I know it just goes to show  
**Eb** **G#**  
You need me less than I need you  
**G#** **Cm**  
Take it from me we don t give sympathy  
**Eb** **G#**  
You can trust me trust nobody  
**G#** **Cm**  
But I said you and me we don t have honesty  
**Eb** **G#**  
The things we don t want to speak  
**G#** **Cm**  
I ll try to get out but I never will  
**Eb** **G#**  
Traffic is perfectly still

**G#**  
We re only taking turns

**Cm**                    **Eb**  
Holding this world

**G#**  
It s how it s always been

**Cm**                                    **Eb**                    **G#**  
When you re older you will understand

**Cm**                    **Eb**                                    **G#**  
And then again maybe you don t

**Cm**                    **Eb**                                    **G#**  
And then again maybe you won t

**Cm**                                    **Eb**                                    **G#**  
When you re older you might understand

**Cm**                                    **Eb**                                    **G#**  
When you re older you might understand
